Kyle's Hotel Information...

Walnut Creek is a very nice town with TONS to do. It is also safe for night-time dining & exploring in the lovely downtown shopping district. Check for government rates that might be far better than any facility rates.

* Reviews say it is clean/nice/good service, and the rates are very reasonable. I did a drive by and found that it does have exterior corridors. On the other hand, the grounds are very well kept, and the office area had an attendant late at night. Class is close by, but I might still drive over instead of walking. There's a Pier One next door, and it is a very short drive to downtown area restaurants & shopping.
